

Racking proposals for  
**RENAULT**  
Kangoo, Trafic & Master

# Introduction to Tevo Limited

Tevo Limited is a market leader for modular racking systems. The built-in versatility of a modular system means that you can configure a racking solution to meet your own individual requirement, whilst keeping costs down.

For over 30 years, we have worked closely with major manufacturers of light commercial vehicles and customers alike. This has helped us find the best solution to suit both the vehicle and the trade. In addition, it has enabled us to continually create new, innovative products. We are committed to developing products of the highest quality and were the first in the industry to introduce racking systems in ultra-high strength steel. This high tech material provides maximum strength and safety with minimum weight, which in turn means lower carbon emissions and fuel costs.

We are a total solution provider, which means we can offer the following resources to our customers:

- Fleet consultation and fleet specification documentation
- Build management and prototype sign off
- Pre delivery inspection
- Onward delivery
- In life maintenance
- A variety of installation options including:
  - Self-assembly
  - Installation at our production facility in Wooburn Green including a while you wait option
  - On-site fitting by our national mobile installation teams
  - Third party installation

Through ISO 9001 certification we safeguard quality at every stage of the process, from development, manufacturing and delivery through to sales and customer service. We have also achieved ISO 14001 accreditation to further our commitment to improving the environment.

We are currently converting in the region of 3000 vehicles a year at our production facility.

We are affiliated to a number of organisations such as the SMMT. We are also a partner in the FTA's Van Excellence scheme and we are an approved converter under the VCA's N1 Enhancement scheme.

For further information, quotations or to discuss  
your racking requirements please contact us:
