

Quality and Environmental Policy Statement

Tevo Limited is a leading provider of modular vehicle racking and storage systems. With nearly 30 years experience in the industry, Tevo provides a comprehensive one-stop-shop van to mobile workshop conversion service, and has established a large customer base in many sectors of industry from utility companies and local authorities through to those operating in the specialist trades.

Tevo considers respect for the environment a key business responsibility and encourages all stakeholders to take an interest in the protection of the environment.

Tevo will therefore:

- Ensure that the company complies with appropriate legislation, regulations and other requirements to which Tevo subscribes.
- Identify and evaluate the environmental aspects associated with the manufacture and supply of vehicle racking systems in order to control and reduce any environmental impact, including the prevention of pollution.
- Ensure the responsible use of natural resources and the minimisation of waste and energy consumption.
- Implement the training of all employees to ensure that they are environmentally aware and, that neither they, the community nor the environment are exposed to harm as a result of Tevo operations.

In meeting the above, Tevo also aims to achieve high levels of customer satisfaction by delivering reliable, high quality, cost effective vehicle racking products and services within agreed timeframes thus generating the returns required to:

- Reward stakeholders for their investment.
- Reward our people for their efforts.
- Provide the funds to support future operations and company growth.
- Provide a stable and enjoyable work-place for the entire team.

Tevo is committed to the continual improvement of its performance by the monitoring of quality and environmental issues and through involvement with customers, suppliers, regulatory authorities and the community.

To assist with the above, Tevo has implemented an integrated Management System that meets the requirements of ISO 9001:2008 and ISO14001:2004.

Compliance and improvement are monitored by process measures and internal audits, and are maintained by the timely implementation of preventive and corrective actions.

Meeting these standards is the responsibility of the entire team. Tevo is therefore committed to working with all stakeholders to support effective operation of the company's Quality and Environmental Management System and the achievement of goals and of specific Quality and Environmental Objectives.
